Keep Stanley a Top-Performing School

For decades, California has not prioritized education. Despite having the fifth largest economy in the world, the state ranks 41st of 50 in per pupil funding, falling far short of what is needed to educate our children.

As Lafayette parents, we have an unwavering commitment to ensure that our public schools consistently rank among the top in California, despite the inadequacies of state and local funding. In short, our community values **an exceptional education**. That's where your support of LPIE comes in.

Donations to LPIE are the way to put your dollars to work in your child's classroom.

For 39 years, LPIE has provided money to our local schools to ensure excellence for our students and stem the forced reductions that arise from lack of state funding. As the funding gap grows, LPIE too has grown both in the scope and depth of its support for Lafayette's schools.

Our charge this year...to provide **\$4.5 million** to our six public schools. How do we do this? With your help! No matter the amount of the donation, every dollar makes a difference to our students and our teachers.
